Shipping starts March 1st, 2026. Part # 906950IP

 **Paslode**®

Backed for the long haul

Backed by our 5 year limited warranty

Less servicing, more nailing

Double the maintenance interval - up to 80k shots before maintenance. Up to 3x more nailing before servicing vs battery only tools.

Power. Sustained.

More power with Timbershot's improved engine lubrication and new fuel recipe for the toughest timber.

Built to Move with You

Timbershot feels better in the hand with it's balance improvements and it's still up to 30% lighter than battery only tools.

Smart Temperature Control

Cold Canadian winters? No problem. Timbershot's electronic controlled fuel dosage means it fires more reliably in hot and cold conditions.

Ready when you are

Check your battery and fuel levels at a glance. Stay ahead of the reload and avoid any on-site surprises.

More shots. Less stops.

With up to 1,700 shots per fuel cell, you'll nail up to 40% more than the XP. (1,500 shots on Average)

Smarter value

Timbershot's smart engine control, improved fuel cell shot count, and reduced service will improve your productivity.

INTRODUCING THE NEW FUEL CELL WITH RFID TECHNOLOGY

The Impulse Timbershot integrates smart Radio Frequency Identification (RFID) technology to provide an accurate fuel level indicator and optimises fuel mixture - ensuring maximum power, performance, and reliability across all temperature conditions.

SPECIFICATIONS

SPECIFICATION	VALUE
Part #	906950
Tool weight (with battery)	3.5 kg / 7.7 lbs
Fuel cell capacity	1500 shots on average
Dimensions (L x H x W)	320 mm x 396 mm x 114 mm
Fastener Range	Minimum: 2 inch x .113 dia. shank (50 x 2.87mm) Maximum: 3-1/4 inch x .131 dia. shank (90 x 3.15mm)
Cycle Rate	1000/hr (2-3/sec. intermittently)
Magazine Capacity	52 nails (approx.)
Magazine Angle	30°
Battery Capacity	9,000 shots per charge
Contents	1 x Impulse Timbershot Tool 1 x Li-ion Batteries 1 x Charger Kit 1 x Safety Glasses 1 x Allen Key
Fuel Cell:	only compatible with Impulse Timbershot fuel cells

CORDLESS CONVENIENCE

Suitable for Framing, Roofing, Decking, Cladding, Flooring, Eaves, Trusses/Rafters, Joints & Formwork.

Always read your manual first and check manufacturer installation guidelines.
